**\$500
Reward
For
Women
Who
Cannot
Be
Cured.**

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States, for any case of Leucorrhoea, Female Weakness, Protrusion, or Falling of Womb which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

"I used four bottles of your 'Favorite Prescription' and one of 'Golden Rule' of Mount Hope, Lancaster Co., Pa., and can say that I am cured of that dreaded disease, uterine trouble. Am in better health than ever before. Every one who knows me is surprised to see me look so well. In June I was so poor in health that at times I could not walk. To-day I am cured. I tell everybody that Dr. Pierce's medicines cured me."

FREE. Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 31 one-cent stamps for the cloth-bound volume. Address World's Dispensary Medical Association, Proprietors, Buffalo, N. Y.

Drives out the Pain
Cures the Disease

Why not try it? It can do for you what it has done for others.

C. S. Burrell, Denison, Tex., writes: I suffered for years with Lame Back caused from inflammation of the kidneys. Sometimes I could not straighten up and at times could not turn in bed. Hamlin's Wizard Oil cured me and I feel better than I have in thirty years.

John Ogden, Willow, Cal., writes: I had Rheumatism in my hand so badly that the joints became stiff and I had not been able to close the hand in two years. A few applications of Hamlin's Wizard Oil removed the Contractions of the Cords and I have since had entire use of my hand.

There is only one Wizard Oil—Hamlin's—name blown in the bottle. Signature "Hamlin Bros." on wrapper. Take no substitute. 50c. and \$1.00.

Poisoned Milk.

More than fifty families in Passaic,
N. J., are suffering from ptomaine
poisoning, due, the physicians say, to
the effects of drinking infected milk.
Those affected all take milk from one
dairy. In each case the symptoms were
the same. The patient about five hours
after drinking the milk was taken with
severe abdominal pains, vomiting and
total collapse. When the milk was de-
livered the housewives noticed a peculiar
odor about it, and many remarked it
when members of their families were
taken sick. Even after having been
kept twenty-four hours the milk show
no signs of souring. The matter has
been brought to the attention of the
Board of Health. The veterinary is
inclined to attribute the poison to some
weed the cows have eaten in pasture.

An epidemic of dysentery prevailing
at Altoona, Pa., has resulted in the
death of several children. Local physi-
cians attribute the cause to a new pre-
servative which has been found in the
local milk supply. Samples of the milk
have been analyzed by Professor Cochran,
analytical chemist for the State Dairy
and Food Commission, and they have
been found to contain an entirely new
form of preservative, substituted for the
more readily discovered formaldehyde,
sulphite of soda and other chemicals
which have been made unpopular through
the persistent prosecutions of Commis-
sioner Warren.

Jealousy Provokes Murder.

Crazed by jealousy at the sight of his
sweetheart dancing with Mike Madock,
a married man, Steve Popovich, a boy
of 17, is alleged to have murdered the
latter at a wedding celebration in the
Hungarian quarter of Greensburg, Pa.,
Saturday. Popovich was arrested and
placed in jail. The marriage of Frank
Gaolets and Annie Gullist was performed
in the afternoon by the parish priest,
and in the evening a big party gathered
to celebrate the nuptials. Several bar-
rels of beer were provided for the guests,
and when dancing began at midnight
many were in a quarrelsome mood.
After Madock danced with Popovich's
sweetheart Popovich, in a rage, approached
the other man and struck him. Friends
interfered, and the altercation
was settled for the time being. A little
later, while the dancers were whirling
about the crowded room, Popovich was
joined by Madock. Quick as a flash he
withdrew his arm from his partner's
waist, whipped out a knife and plunged
it into Madock's neck, severing both
of the main arteries. A second thrust
penetrated the left lung and a third
sank the blade into Madock's side.
Madock raised one hand as if to strike
the other and then fell to the floor
dead, with blood gushing from his
wounds.

Whole Show Gone.

A gang of strenuous thieves stole an
entire medicine show which was to have
opened Friday night at Gladwyn, Pa.
The outfit, which belonged to John Rob-
inson, consisted of four horses, one gilded
band wagon, one Roman arena, seven
trunks, four parrots and a donkey. Sev-
eral members of the company and the
Montgomery county police are now on
the tracks of the band wagon. The show
disappeared while the company was
breakfasting in the Black Horse Hotel.
The assistant manager disappeared at the
same time. A few members of Robinson's
company drove into Philadelphia later
and tried to hire a tent and costumes in
order to make money while the police are
working.

Million Tons in Case of Str'ke.

The Reading Coal & Iron Company
has now accumulated 800,000 tons of
hard coal mostly of steam sizes, at its
Landingville storage yards in Schuylkill,
Haven, Pa. These yards were only re-
cently enlarged. About 200,000 tons
more will be dumped, after which the
yard will be full. It is said to be the
intention of the Reading Company to
keep 1,000,000 tons of coal in the yard
permanently in order to be prepared for
strikes. Such a large amount of coal
exposed to the hot rays of the sun day
by day causes the fear that a gigantic fire
may be caused by spontaneous combus-
tion. In order to prevent this large
streams of water are daily poured over
the coal.

She Caught the Mouse.

A New Hampshire woman was almost
a heroine recently. She was in her
pantry, and noticed the tail of a mouse
protruding from a cupboard. Quickly
grabbing a pair of tongs, she fastened
them to the mouse's tail and yanked.
The mouse came out all right, but the
front end of it was halfway down the
throat of a three foot snake. The woman
ran shrieking from the house in
search of her husband, and is still at a
loss to know how the snake got into the
house.

Excursion Train in Peril.

Five hundred passengers, most of
them from Grafton and Fairmont, W.
Va., had an almost miraculous escape
from death or serious injury on the Bal-
timore and Ohio excursion train bound
for Wheeling yesterday. At Wires
Crossing, near Littleton, the engine and
tender and three coaches left the rails.
The locomotive turned over on its side
and the coaches toppled on the edge of
an embankment, but did not go over.
Engineer W. H. Johnson was caught
under his cab and was badly scalded by
escaping steam, but will recover. Mail
Clerk C. B. Collins was severely bruised
and otherwise injured, and was taken
back to Grafton. Many of the passen-
gers were badly shaken up, but none
seriously hurt.

Women Violate the Scripture.

Rev. Edward Henry Eckel, rector of
Christ Church at Williamsport, Pa., and
a probable candidate for bishop of the
new Episcopal Diocese, has announced
from the pulpit that bareheaded women
in church are not conforming to the
teachings of St. Paul. Mr. Eckel said
that more serious thought should be
given to dress; that a low-cut gown,
with a mere semblance of covering for
shoulders and arms, should not be worn
in the house of worship, and that here-
after hatless women and décollete gowns
were not wanted in his church. Christ
Church is the oldest and wealthiest con-
gregation in Williamsport.

Chamberlain's Stomach and Liver

Tablets Better than a Doctor's
Prescription.

Mr. J. W. Turner, of Truhat, Va.,
says that Chamberlain's Stomach and
Liver Tablets have done him more good
than anything he could get from the
doctor. If any physician in this country
was able to compound a medicine that
would produce such gratifying results
in cases of stomach troubles, biliousness
or constipation, his whole time would
be used in preparing this one medicine.
